

License requirements for Eastern Ontario Cyclocross Series

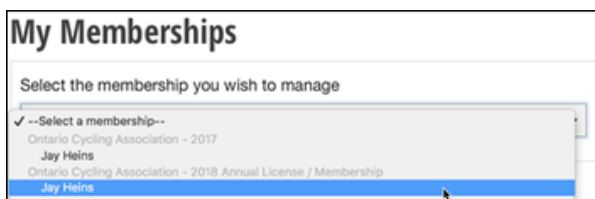

I've been fielding a lot of questions about UCI race licenses and OCA Citizen Permits and just want to update everyone and clarify some of the latest developments.

Changes in insurance requirements mean we have to be strict about showing your license when picking up your number and chip for EOCS. We've been saying that showing your email receipt will be enough proof of purchase, but that's not right, sorry. A copy of the receipt is NOT valid for participation; a temp license, license copy, or hard copy needs to be provided when you're checking in.

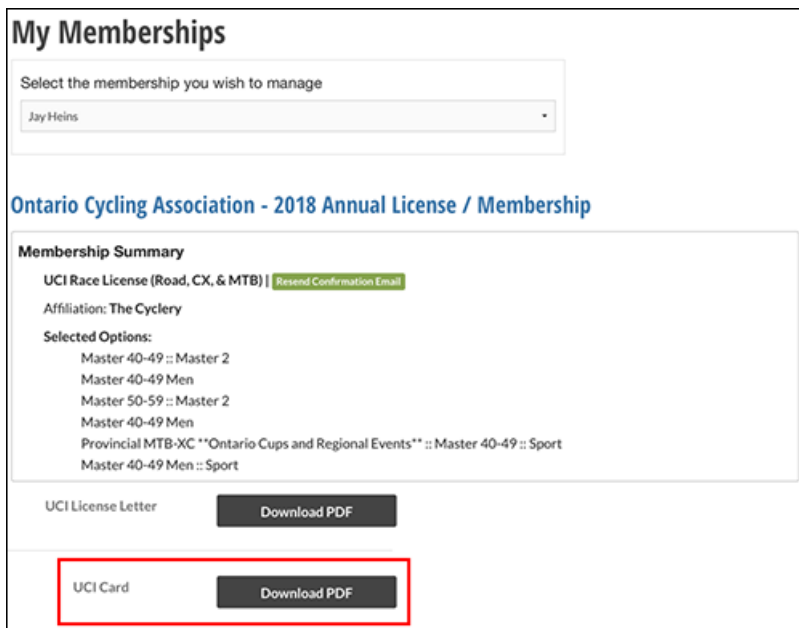

But don't worry! If you only recently bought your license and don't have the physical card yet, then you can go onto the CCN website and view/print a digital version of the license in PDF form and bring that with you for numbers pickup.

Here's how to get a copy of your UCI license and OCA Citizen Permit:

1. Log into the CCN Bikes website <https://ccnbikes.com/#!/mymemberships/>
2. Use the dropdown to select the membership you want to manage.

3. Look for the UCI Card or OCI Citizen Permit and click the **Download PDF** button.

4. The license/citizen permit downloads or opens in the browser window. Save a digital copy or print off this card and bring to EOCS number pickup.

Note: Please keep in mind that it may take a day or two for the license to be issued and posted. It will only show up there once it has been processed.
